Payment Policy

It is our policy to collect the appropriate payment due from the patient at the time of service. This may be your co-payment, deductible or co-insurance. Please contact your insurance carrier to verify what your out-of-pocket may be.

- **Co-Payments**: The cost-sharing part of your bill that is a fixed dollar amount designated by your insurance company is called a co-payment. It is your responsibility to pay this co-payment prior to being treated by our physician.
- **Deductible**: The amount of cost-sharing that you must pay for medical services often before your health insurance will begin paying on your care. This amount varies per insurance carrier and policy so please call your insurance carrier. We expect that deductibles will be paid at time of service.
- **Co-Insurance**: This cost-sharing is generally a percentage of the total medical charge, for example 20% co-insurance. You will be responsible to pay your co-insurance at time of visit.

There are certain insurance plans that have all of the above. You may have a co-payment and a deductible and/or co-insurance and deductible. Please call your insurance company prior to visit if you have any questions.

Be aware that most often our physicians will perform a rectal exam with an anoscope or a flexible sigmoidoscope – these are done in our office as part of your exam and require no anesthesia; most insurance carriers are viewing this test as a procedure and this charge *will* go toward your deductible.

There will be a $25.00 no-show fee if you fail to cancel 24 hours prior to your appointment.

If you have questions after calling your insurance company, please call our office and we will be happy to assist you. Our business staff will do their best to inform you of your cost-sharing portion due to us before you are seen.

We appreciate your selecting the Colon & Rectal Clinic of Orlando and look forward to meeting you.
